December 19, 2023

Dear Members and Friends of West Valley,

Along with Mary, we can say, "The Mighty One has done great things for (us) – holy is his name!" (Luke 1:49)

God has indeed done amazing things in our midst this year. Here are only a few of the things which have happened in just one year: Our ECO denomination selected, screened, and trained a church planting couple – Caitlin and Joel Rhodes-Karahadian. They are filled with the Holy Spirit; are eager to reach out to younger workers and their families in Cupertino; have experience with church planting; are a good fit for our area; and have both preaching and worship leading skills.

- Our Session, Transition Team and Presbytery worked closely together to determine our financial support for Caitlin and Joel, so that we would not be alone in supporting them. We are major but not sole contributors, and other churches are now stepping up to contribute to their support.
- WVPC took in new members for the first time in years, and new regular attenders have been coming and getting involved.
- We enjoy each other's company in renewed social and mission activities and talk with one another after church typically for an hour.
- Plus, a new transitional pastor and congregation are getting used to one another.

All of us have had grandparents, and most of us are grandparents; we know about the joy and the good times that grandparents and grandchildren can have together. I think that's a good image to think about as we look towards our future in 2024. We can be like grandparents to the new church plant, which will be named the West Valley Neighborhood Church. Like grandparents, we can help and support Caitlin and Joel; but also, like grandparents, we aren't their supervisors, and we aren't in charge of what they do to raise up a new church. Like grandparents, we will assist when asked, and will otherwise stay out of the way.

And like grandparents, we will be blessed to see God bringing new things growing here at 6191 Bollinger Road. Praise be to God!!!

Yours in Christ,

Pastor Janet
Part-time Transitional Pastor

Office Report

Unique to 2023, we were able to update our rental documents and come to the conclusion that besides members, it's best for us to rent only to organizations that are symbiotic with our church — attracting our demographic to our campus with value-added events. The non-member wedding from last year put too great a strain on volunteers dismantling and reconnecting the cables in the sanctuary. Finding hosts available on the weekends is also a challenge.

Grateful for our new media team members. Cole Castaneda was hired to cover audio, since Yonas Tesfaye began traveling more for work, and Greg Shaw and Dave Blanchard's media hours were reduced. Donna Perry has also been trained to assist with the cameras, switcher and lighting.

DeShon Holmes/IT still has a full-time job elsewhere, so we continue to rely on Frank Lemmon for some computer updates and advice. We may need to consider another search for a retired Christian IT expert we can use as needed. Rob Clark has offered to assist with IT Coordination. Frank Lemmon has suggested TechSoup for remote assistance.

Bill Day and Jeff Stanish repainted Janet Russell's office, and Bill helped prepare the former Onnuri offices for new church planters: Caitlin and Joel Rhodes-Karahadian.

I have had some unexpected evangelical opportunities, with an elderly Russian visitor regularly resting under our shade trees, a street construction worker who wanted a Bible, and our fire extinguisher vendor, who wanted advice on Bible versions, and wants to get his family in church. We also had an Indian family visit us on Christmas Eve. They missed the Service, so I guided them to McHattie Hall for the Pie Social, where they met lots of great people!

The Scout Polaris District Committee uses one of our rooms for their monthly meeting. In exchange, they connected us to a Scout troop of girls, who have helped us twice on our workdays. One of these Scouts is working with Bill Day on improving the juniper area in our garden.

Here are the usual priorities that I work on every year:

Sunday Worship Prep

Weekly Staff Meeting Agenda and discussion, Media Team scheduling, Sunday rehearsals, operating cameras, lights, and switcher. Creating and printing bulletins, updating announcements, posting scripture commentary and prayers on Facebook.

Member Communication

Creating and emailing weekly MailChimp, helping people who drop by the office, organizing Scout workdays, updating member directory, updating campus flyers, daily emails, researching issues and forwarding to the right people, taking member and Scout

calls, creating the Newsletter, overseeing tech crew, updating maps and campus room calendar use, coordinating special print jobs and mailings to members.

Coordinate Contract/Vendors

Downloading and processing invoices with check request software, coordinating the janitorial schedule and room set-up duties. Guiding vendors around the property for service and refilling of supplies.

Policy Education

As the AB-506 Mandated Reporter, sending out training links and documents for anyone working with children, monitoring DMV Pull Notices, and updating vehicle forms. Sending out reminders for doctor notices, ensuring older drivers have authorization to drive our vehicles.

Document Retention

Creating and maintaining vehicle documents and key checkout. Scanning/filing, updating, and referencing an assortment of our administrative Google Docs online. Updating the Yearly holiday calendar.

Property Management

Coordinating keys, filing and scanning police reports, creating rental agreements, giving rental tours, answering questions, recruiting hosts, requesting payment and insurance, and returning deposits. Maintaining copier function, calling for repairs and maintenance. Creating quarterly copier invoices. Placing supply orders, sorting mail, submitting check requests. Assisting schools with property repair, security and hygiene concerns. Coordinating with WV Community Services for Gift of Hope weekend. Coordinating IT visits and repairs.

Ministry Opportunities

Serving on Scout Work Saturdays and Hyde staff brunches, and coordinating deliveries with Hyde Middle School.

Special Projects

2023 Sunday Appreciation cards, creating mailing labels for all members. Assisting in preparation for the church planter's arrival and settling in. Compiling Annual Reports.

Submitted by Lanette Bell

Children Director's Report

It was a big year for firsts! Sunday mornings were spent studying the life of Christ as preparation to participate in The Lord's Supper. Rhiannon McDowell took her first communion when the study was over. Then after an 8-week series on the Bible-exploring how we know the Bible is true, who wrote each book, how to use it and apply God's word to our lives Rhiannon McDowell was presented with her first Bible. Several weeks after that Rhiannon asked to be baptized. She met with Pastor Janet and was baptized July 9. We are so proud of our star Sunday School pupil!

Carol Mladineo has faithfully continued to assist in the classroom, teaching when needed. She brings so much joy and enthusiasm, as well as a tender heart - what a great blessing for me and our kids.

Donna Yuen remains connected to Christian Education by teaching regularly, which gives me a chance to join in "adult" worship or to get-away for the weekend. She is a serious Bible scholar and always brings new insight and application to her lessons.

Submitted by Terri Dias, Christian Education Elder

Administration

Submitted by Jeff Stanish, Admin Chairman

Galatians 6:9

Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up.

The Administration Commission is responsible for taking care of the business end of the church to enable the other commissions to actually fulfill the purpose of the church, to know Christ and to make Him known. This involves taking care of all of our properties, managing the finances, and taking care of our staff. These tasks are broken down into the following committees: Buildings & Grounds, Finance, Personnel, WVPC Foundation, IT Support, Properties and Office. The leaders and members of these committees are very valuable to the church, and I am very thankful for all of them and all of their hard work over the past year. With the arrival of West Valley Neighborhood Church on our campus, additional work to support them is needed to make them successful and I thank all in the Admin Committee in advance for their support of them.

Bill Day is the Buildings and Grounds Chair. Bill ensures the WVPC facilities are well maintained. There are always numerous maintenance issues on the WVPC campus that he resolves quickly and effectively. This year new classroom and kitchen area gutters were installed, campus trees were trimmed, and new planter boxes with irrigation were installed on the Bollinger roadside.

Thank you, Bill, for all your hard work. God bless you!

Dave Blanchard continued to monitor the church's finances. With his team of financial advisors, he managed the finances of WVPC and kept all the missions of the church funded. In addition to being the Finance Chair, he is also performing the tasks of the WVPC bookkeeper. This provides us insight to our finances on a prompt basis. The challenges we are facing are the continued loss of membership and the revenue losses associated with it. Dave also monitors WVPC expenditures closely. Dave consistently advises on how we are to help fund the new church plant was instrumental in finding a health insurance plan for WVPC personnel.

Thank you, Dave, for all your hard work. God bless you!

Kevin Pasquinelli stepped up to be the new Personnel chair. Kevin changed health care providers which resulted in substantial savings.

Thank you, Kevin, for all your hard work. God bless you!

Donna Perry stepped up to be the new WVPC Foundation President. This year significant foundation funds were provided for Christian education and the new classroom gutters.

Thank you, Donna, and the Foundation Team for all your hard work. God bless you!

Rob Clark has stepped up to be the new IT Chair with former IT Chair Frank Lemmon advising occasionally from Oregon. He oversees our IT contractors and the IT budget. He will be assisting with the new church plant IT needs,

Thank you, Rob and Frank, for all your hard work. God bless you!

Jerry Dias is the Chair of Properties, which oversees the WVPC's rental properties. The committee has worked diligently to maintain the manse and duplex and to keep them occupied. Jerry brings special insight to this area as he is a licensed real estate agent.

Thank you, Jerry, for all your hard work. God bless you!

Lanette Bell is our Office Manager. She performs a myriad of tasks to support WVPC, and the difficulties of managing each of them. Reference the Office Report for specifics that occurred in the past year.

Thank you, Lanette, for all your hard work. God Bless you!

Buildings and Grounds

2023 was a mildly uneventful year for Buildings and Grounds as the campus remains at a significant downturn in usage. The two schools still operate much the same as last year and provide some minor maintenance issues, but the majority of requests are routine.

The carpets in all classrooms, the library and office were professionally cleaned in July 2023 and have held up well.

Regularly scheduled testing, inspection, and monitoring for the fire/security alarm system continues and scheduled maintenance of the building fire sprinkler system, kitchen fire suppression system, and the kitchen grease interceptor proceed as in years past.

We are continuing the maintenance contracts for pest control and yard upkeep. These services are provided monthly and weekly, respectively.

A landscaping improvement project was completed in October 2023 for the two planter boxes between the lawn areas at the Bollinger Road sidewalk, including new plants and an automatic drip irrigation system.

A new roof gutter was installed at the driveway between Hyde Middle School and the Education Wing which will provide better drainage during the upcoming rainy season. A new gutter at the Bollinger parking lot over the kitchen and primary classroom wing will be installed in early 2024.

Despite a declining membership with concomitant budget constraints, Buildings and Grounds has kept the campus in a relatively clean and operational condition during the past year.

Respectfully submitted, Bill Day, Chair, Buildings and Grounds 12/8/23

Properties

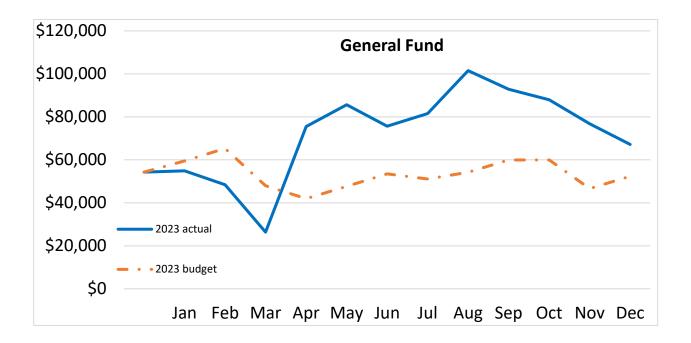

WVPC enjoys the ownership of a duplex (adjacent to the church on Miller Avenue) and a manse (a single-family detached house on Beacon Lane in San Jose) to further the ministry of the Church. Priority is given to WVPC staff to rent the units, and if not needed by staff, the units are rented to the public. As of the end of 2023, none of the units were occupied by a church staff member. The properties committee oversees the management of the properties.

During 2023, the manse had 100% occupancy. Expenses included: Replacing a garbage Disposal, and repairing the irrigation system. The duplex on Miller Avenue, had 100% occupancy for the year as well. Rents were increased on both units. Expenses included: Tree trimming, new refrigerator, stove and HVAC repairs.

Jerry Dias, Chair

Finance

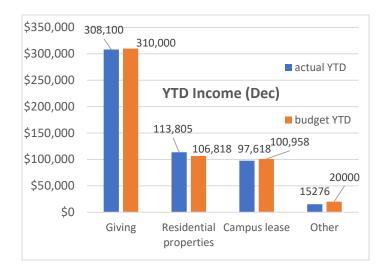

2023 began with an amount in the general fund (\$54k) just above our monthly operating expenses. With the departure of Pastor Morgan at the beginning of the year, Pastor Janet joined the staff as a part time transitional pastor. A resulting reduction in salaries and health insurance expenses along with several other adjustments allowed Session to approve a balanced budget in 2023 (~\$45k/mo) for the first time in several years.

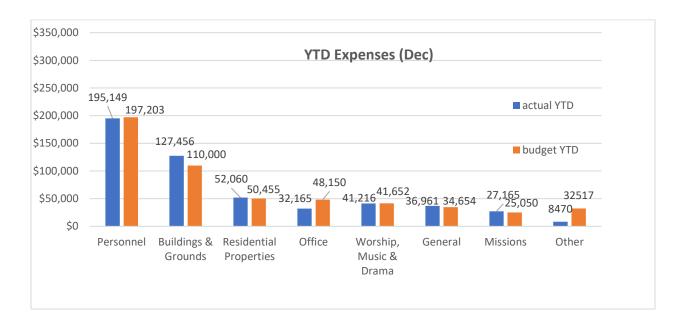

WVPC has a faith budget and giving varied from month to month during the year. Along with routine giving by the congregation, several significant one time donations between March and August ensured that the general fund remained healthy at year's end (\$68k).

Other major sources of income in 2023 included campus leases (Mandarin Academy, Delight Montessori Daycare and the cell tower) along with our properties (the manse and duplex) for which modest increases in rent were realized during the year.

Even considering these additional sources of income, the generosity of the congregation still remains the single biggest source of financial support in achieving our mission.

With a few exceptions, expenses for each of our departments were near budget, contributing to our being able to maintain the general fund. Notable differences with the 2023 budget occurred for Buildings & Grounds which saw an increase in utilities (gas, electric and water) of roughly 40% in 2023 while Office expenses came in less than budgeted as the need for contracted IT support was less than expected during the year.

Details regarding WVPC income and expenses over the course of 2023 for each department are found in the final financial report for the year in the Appendix to this report.

In addition to income and expenses affecting the General Fund, the congregation participated in two notable fund raisers in 2023:

In response to the fires on Maui in August, WVPC members collected and forwarded \$4,400 to the Maui Food Bank.

On the announcement of the selection of leaders for the New Church Plant, WVPC members have been making donations to help establish the West Valley Neighborhood Church on our campus. Since April, the congregation of WVPC has donated more than \$25,000 designated specifically for support of WVNC. This is in addition to donations have been submitted directly to the new church plant's website https://www.zeffy.com/en-US/donation-form/1eaac960-dc3c-47a3-b5fc-19b9e8512d4e. Additional information as to how WVPC plans to fund the New Church Plant going forward is found in the Transition Team's section of this report.

Our budget for the coming year assumes giving and current income from leases and rents remain near that in 2023 with modest increases in expenses for some departments such as Buildings & Grounds. In addition, the 2024 budget continues with our tradition of 10% of our church's unrestricted giving income for Missions. Information regarding the 2024 budget for WVPC is found in the section just preceding the Appendix.

WVPC finance activities have been all volunteer for more than five years. During 2023, Dennis Campbell (WVPC's Recorder for the last 30 years) and Doug Gips moved from the Bay Area and Yonas Tesfaye has relocated elsewhere in the Bay Area as well. Their efforts have been much appreciated.

Much thanks to those currently supporting finance department activities:

Counters – Jerry Dias (current Recorder), Sandy Franger, Zee Del Fiugo, Rich Hulsker, Donna Perry and Denise Willis

Bookkeepers – Theresa Shafer and Dave Blanchard

Current participants on the Finance Committee are Jeff Stanish, Jerry Dias, Theresa Shafer and Dave Blanchard (Chair) with additional support from Pastor Janet Russell.

Foundation

The Foundation Board of Managers continued to meet quarterly in 2023. Because of Covid and schedule conflicts, some meetings were virtual and others in person. Secretary Melanie Eslinger did an outstanding job of recording the minutes of each meeting, especially when complex issues were being discussed.

The purposes of the Foundation are to accumulate and manage specially contributed gifts to support the needs of the West Valley Presbyterian Church. A "specially contributed gift" is defined as a voluntary transfer of assets (whether real, personal, stocks, bonds, or other financial instruments) by a donor (or group of donors) to effect a charitable purpose. These Foundation gifts are not the same as regular giving.

There are three funds invested for the following purposes: FirstFruits (for capital improvements); Vacation Bible School; and Christian Education. The funds are invested with Vanguard Balanced Income Funds. The Foundation has an equity stake in the manse and a checking account for bank fees, materials and other costs. The Financial Report is written by Treasurer Greg Hobbs quarterly, and he reviews the report with the Board at each meeting. He does a terrific job of maintaining the financial records and clarifying issues for Board members.

In the summer of 2023, after several months of research and discussion, the Foundation Board of Managers agreed that its incorporating documents did not require that initial donations and subsequently contributed funds be held inviolate in perpetuity (in other words, only the interest on the funds could be spent by Session for the fund's purpose). Research into the launching documents found that the initial donations as well as the appreciation could be used for the purposes designated by the donor, along with the interest in either FirstFruits and the Christian Education Fund (VBS being a sub-program of Christian Education. The VBS donor's heirs have indicated the Board has the freedom to combine those funds with the Christian Education Fund.) This will give WVPC flexibility in future expenditures to improve the campus and expand our education programs.

Over 2023, the investments have seen some decline and then recovery toward the end of the year; the end-of-year financial summary report below reflects the status of the funds as of December 31, 2023.

The seven-member Board of Managers are:

Donna Perry, President Kevin Pasquinelli, Vice President Melanie Eslinger, Secretary Greg Hobbs, Treasurer Dave Blanchard, Member at Large Zee Del Fiugo, Member at Large Art Pasquinelli, Member at Large

Personnel Report

There were no staffing changes to Personnel during the 2023 year. Lanette Bell is WVPC's only full-time employee. WVPC changed health benefit providers from ECO NFP to a plan administered by Bluewater Presbytery. Presbytery uses a Health Reimbursement Account ("HRA") through which churches pool their funds and essentially form their own "insurance" offerings. Changing plans allowed WVPC to give Lanette increased benefits while saving over \$500 per month.

Submitted by Kevin Pasquinelli Personnel Elder

Information Technology Department

Submitted by Rob Clark

2023 continued as a transitional year for the department. Deshon Holmes was hired as the IT Administrator, Rob Clark agreed to volunteer as the overall IT coordinator, for WVPC. DeShon, with remote backup from Frank, is responsible for the day-to-day management of Office 365, WVPC email, Wi-Fi networks, the Internet link, and weekly backup services for the campus.

Tasks achieved in 2023:

- Pastor Janet was provisioned with a laptop, email, and Microsoft Office (pastor.janet@wvpc.org).
- A new email account was set up for Rob (wvpc.it.coordinator@wvpc.org)
- Lanette's laptop was replaced with a new one.
- Renewed annual license for Acronis backup software, Blink security cameras, and Ruckus Wi-Fi zone director.
- Ensured monthly subscriptions for email services, Microsoft 365 Non-profit Standard, and Adobe Cloud Apps (Non-profit) remain in place.

One replacement laptop (for Lanette) was purchased in 2023 and Pastor Janet was assigned the former office administrator's HP Spectre notebook. Please forward any IT questions or issues to DeShon at email address sysadmin@wvpc.org and copy Rob at wvpc.it.coordinator@wvpc.org.

Considerations for CY 2024

Several computers have reached the age where they cannot be upgraded to
Windows 11 Pro (Microsoft support for Windows 10 will end October 2025). So,
replacements for them must be planned for. Two computers should be replaced
in 2024 (the receptionist's desktop system [front desk] and the Finance Office's
desktop system [finance2]). Old computers will need to be decommissioned
(wiped) as they are replaced.

Anticipated IT support for WVNC in 2024 includes a small telephone system, copy center printer access, and creation of new Wi-Fi network(s) on campus to support their ministry.

Congregational Care

The Congregational Care Department continued under the umbrella of the Connections Commission in 2023. With Covid concerns, we have continued to meet monthly by email.

Thanks to all the volunteers and the department members for their service and leadership: John Hom – Chair; John Hom – Interim Hospitality, Kitchen; Sharon Steller – Support Groups; Judy Van Gastel - Christian Care Ministry; Cynthia Blank – Boutique; Parker Willey – Men's Ministry; Zee Del Fiugo -- Church Historian; Maggie Day – Deacons' Moderator; Brenda Gips – Session Elder and liaison for part of the year.

Highlighted Congregational Care Ministries

Hospitality

WVPC Coffee Cart replaced by volunteers for coffee and donuts.

Receptions, Potlucks, All-Church Founders' Day Picnic, and Appreciation – None of these activities took place in 2023 due to Covid concerns.

Memorials: There were four memorial services held at the church in 2023 -- for Lin Liddiard, Jean Merten, Marvis Eldridge, and Marijean Bortoli.

Support Groups

There were no support groups active in 2023.

Crafts Boutique

The Crafts Boutique continues to have a very dedicated group of ladies who work diligently to make many lovely items mainly for the annual Holiday Boutique Sale. In 2023, the Crafts Boutique held sales every other month so that church members would have a reliable source for handmade cards. At these smaller sales, season appropriate items were sold in addition to handmade cards.

The Boutique group continues to be led by Cynthia Blank, although all the ladies in the group contribute greatly and do their part to help the group succeed. The Boutique members met twice a month during January through August. Then met as many Wednesdays as they could from September through November to have more time to create items to sell at the annual Holiday Sale. Most of the members also work on crafting projects in their homes throughout the year.

Women's Ministry

Due to COVID-19 there wasn't a Women's Retreat or Women's Tea in 2023.

Men's Ministry

Men's Breakfast continued to meet as a weekly Zoom meeting renamed as Men's Fellowship, Prayer, Bible Study and Discussion under the leadership of Bruce Ramirez and Parker Willey. They met on Zoom every Thursday morning at 8:30 AM to discuss the previous Sunday's sermon.

Submitted by John Hom Chair of Congregational Care

Fellowship Committee

This was a year of great fellowship activities at WVPC under the leadership of Terri Dias and Janet Shaw, one of which was hiring a Caller to lead us in an evening of square dancing in Mc Hattie Hall. It was so much fun, that some of us have even continued attending the Rockin' Jokers Square Dance Club on Wednesday nights. Summer potluck pool parties, outdoor garden gatherings, after church craft activities, Friday night Potluck Game nights, and the occasional off campus trips to the theatre or to enjoy Mt. Hermon's amazing Christmas luncheon and inspiring musical concert are only a few of our activities this year. We normally hold one event per month, and will often include outreach activities as part of those events as well.

Submitted by Janet Shaw

The Refuge Ministry

During 2023, our church continued to support The Refuge ministry, a church whose mission is to provide weekly ministry and meals to those in need of food and spiritual support, including the homeless. Around 25-45 people regularly attend. Our church provides this service for the Refuge on the last Saturday of every month, providing the meal, worship led by the Shaws, and the message delivered by Todd Misfeldt, originally a member of WVPC and currently the Care and Discipleship Pastor for Christ Community Church of Milpitas. WVPC's role in this ministry involves around 30 members from our church, plus volunteers from Onnuri.

For many years, our contribution to this program has been led by Sandy and Mike Madeleine, who not only organized our volunteers and solicited donations, but they also planned and prepared all of the meals. December 30, 2023, was their last day providing this service, and we are extremely grateful for their years of dedication and service to this program. Greg and Janet Shaw have volunteered to take over their leadership role. One of their first steps will be to organize **The Refuge Food Preparation Team** who will assist on the last Saturday of every month, with the heating and delivery of the food prepared by the Shaws, and transporting it from WVPC to St. Mark Church in Sunnyvale. Training was provided for interested volunteers on January 21, after church. Folks are encouraged to become a part of this ministry.

Submitted by Janet Shaw

Transition Team

"Pray continually." In I Thessalonians 5:17, the apostle Paul encouraged his Thessalonian friends to be constant in prayer. Taking his instruction to heart, for the last year, the West Valley family has been faithfully praying. At 5:17 pm, or 5:17 am, or any moment in between, throughout 2023, someone from WVPC has been speaking to God about a new work to be created on our campus.

What did we pray for?

In *January*, we prayed *for quick identification of potential church planters* by our denominational leaders. At the ECO National Gathering in late January, Pastor Janet, Elder Terri Dias, and Transition Team member Donna Perry met with ECO officials Luke Parker and Nate Dreeson to learn what ECO could do to help. We were excited to learn that <u>in that very week</u>, Luke and Nate had identified a couple that they believed might be a good fit for this place.

In *February*, we began the **5:17 Project** and invited everyone--not just WVPC leaders--to join in prayer about the new church plant. We prayed *for discernment on the part of ECO leaders* as they worked with the potential church planters, *and for the couple*, that they would hear God's call to wherever He determined to send them. Pastor Janet encouraged praying for the New Church Plant during every worship service.

In *March*, the Transition Team gave a quick update to the congregation and encouraged the WVPC community to pray *for a successful, in-person visit from Luke and Nate*. At the same time, we began overtures to Bluewater Presbytery regarding its participation in this venture.

In *April*, we continued to pray *for clearer communication* between WVPC, ECO, and Bluewater Presbytery. Just after Easter, Luke Parker and Nate Dreeson visited WVPC and spoke during the worship service and afterwards, taking questions from WVPC members and friends. They began to express confidence that the couple they had identified would be moving soon to the Bay Area, if funding could be identified to support the plant. At the urging of the Transition Team, the Session created a "New Church Plant Fund" *to demonstrate* to Bluewater Presbytery and ECO *that WVPC* was committed to making a new church plant happen here.

In *May*, we prayed *for the development of a written plan that* WVPC would be able to enthusiastically support as the couple indicated the potential for a summertime move to the area. Later that month, the couple made a quiet visit to the area, toured our facilities, and shared their hearts for ministry in a community like ours. We were not yet permitted to share their names as they were fully employed by another ECO church in Texas and they hadn't revealed their plans to their home church. They returned to Houston and began developing a prospectus for potential funders.

During *June*, *July*, and *August*, we continued our prayers *for this planning process and for the couple's continued discernment*. To assist Bluewater, ECO, and the church planters, the Transition Team drafted a Memorandum of Understanding to outline our respective responsibilities in the planting process. As we worked around vacations, family emergencies, job changes, and the other hiccups of life, planning documents were drafted and re-drafted. We clarified WVPC's role in supporting the church plant financially (significant but not more than 50% of the needed funds), and identifying boundaries for governance: the church plant would be a separate, unique, and independent church, responsible—as we are—to Bluewater Presbytery.

Leading up to **September**, we learned that Caitlin and Joel Rhodes-Karahadian were being trained in fundraising; however, their coach counseled them not to start a church until they had commitments for 90% of the plant's budget for the next five years. We began praying **for a release of funding** and the Memorandum of Understanding was signed by Caitlin and Joel, a Bluewater Presbytery representative, and a WVPC officer. Feeling that they needed to move forward, Caitlin and Joel made a quick visit to WVPC over the Labor Day holiday to meet with us and answer our questions. Even during the morning of the visit, they received a text message telling them of a gift of \$10,000 from an unexpected source, and by end of September, they had received about 20% of their budget committed.

In the middle of *October*, the Rhodes-Karahadians (their former church called them "the RKs") said their goodbyes to First Pres Houston, and started their way to California, fund-raising from the road. We prayed *for safe journeys and a successful visit* with a church planting couple in Colorado, *and continued favor in their fundraising efforts*. By the time they reached Bodega Bay, where they would stay for a couple of months in housing provided by a generous donor, they had received 35% of their needed funding.

Over **November**, their fundraising and our prayers continued **for selection of leaders for their governing board from Bluewater churches, additional connections with Bay Area ECO churches,** and **a joyous holiday with Joel's family who lives in the Bay Area**.

In **December**, God gave Caitlin a particular goal for the end-of-year fundraising: to ask **for \$79,207 by December 31**. This amount was provided well before then. During the month, the RKs found a house to rent just five minutes away from the church. Their furniture was to arrive shortly after they moved in, but in a communication glitch, the company wanted to deliver it on Sunday, December 31, which was the Sunday we had invited the two of them to preach and lead worship, to give Pastor Janet and Hardy Hemphill a well-deserved break. We prayed and the furniture arrived on Saturday!

So what is next?

Most of you have met Caitlin and Joel, and if you have not, you most likely will in the next few weeks as they have moved into their new offices (where Onnuri formerly had its offices).

Although they have not officially launched **West Valley** <u>Neighborhood</u> Church, they are dreaming and planning for activities to support it, and many of us will be working with them to bring these dreams to pass. Here are some of the projects we're working on now:

- A Monday and Friday "co-working cafe" to be housed in the old Library. This
 would help local people who are working remotely to drop in and build a
 community of professionals. The RKs have applied for a grant to help with remodeling to install a washable flooring and a counter where laptops could be
 used while standing.
- 2. A Friday evening "open-mic Living Room" in Rooms 4 and 5, which would be used by the Women's Bible Study on Tuesdays and Wednesdays. Terri Dias and Caitlin are working on converting that space into a cozier atmosphere.

Other ideas include helping West Valley Community Services and CityTeam with their pop-up food trucks, and "Holy Yoga," an exercise and meditation time using Scripture as its basis.

How can you help?

1. Give

We are grateful for WVPC members and friends who have given more than \$25,000 in the last quarter in support of the New Church Plant mission. Although most of these were one-time gifts, we do have people giving monthly as over-and-above their monthly offerings, and these funds will go to help meet our commitments to WV Neighborhood Church.

2. Support

If you know young professionals (30s to 40s) in companies around the area, tell the RKs about them and work with them to set up an introduction. We could tap your re-furbishing skills to update tables and bookcases. If you have contacts on recycling platforms (Buy Nothing, Freecycle, etc) or a truck to help move furniture, let us know.

3. Pray!

Pray without ceasing! Pray for continued success in fundraising. Pray that Caitlin and Joel find new friendships in the community. Pray for clear communication and patience for WVPC and WVNC as we work together to proclaim the name of Jesus to the communities God has given each of us. Pray for understanding and respect in our ministries.

Finally, we give thanks for the people of West Valley who have prayed unceasingly, and for the people who have given their time and talent and treasure to prepare the ground for the church plant. We are especially grateful for Bill Day, Jeff Stanish, Terri Dias, Lanette Bell, Mike Grijalva, and Pastor Janet, for skills, wisdom, and guidance in this process. To God be the Glory!

Deacons

WVPC Church Deacons – 2023 This was a very unusual year for the parish leaders. The Deacons called and kept in touch with every person in their parish. In March we started meeting again, on the second Sunday of the month, after church in the library.

We hope we, the Deacons, have provided you with constant prayer and support during 2023.

These Deacons have agreed to stay on until May 2025:

Maggie Day - Moderator Bonnie Ngai Debbie Dunkley Janet Shaw- Secretary/Treasurer Sharon Steller Karen Clark Melanie Eslinger Judy McDowell

By Maggie Day – Deacons' Moderator

Music & Worship

2023 continued our blended service method with about 40 in the sanctuary each week and others online. We continue to stream our service each week for those who are unable to get to church or are out of the area.

Pastor Janet Russell moved seamlessly into her role of transitional pastor. As she is only part time, we have had to fill in the last Sunday of most months with guests preaching. These have included Dorothy Bentley, Todd Misfeldt, Martha Thorsen, Ellen Steele, Mary Naegeli, Ryan Anderson, Destiny Robles, Dan Yuen and Caitlyn Rhodes-Karahadian. It has been good for us to hear others, both old friends and new students.

On fifth Sundays we have had some forms of alternative worship. In January, we had Todd Misfeldt preach. In April, we had a service of praise and worship. In July, we did what we have known as a Service Worship Sunday where we had breakfast and then packed backpacks and care bags. We were joined by scouts from the troops we sponsor. In October, we had Teen Challenge present their message to us. In December, Caitlin and Joel Rhodes-Karahadian led worship.

Hardy continues to impress us all with his worship leading. We are thankful for his heart for God and sharing that with us all. Others who helped lead worship throughout the year include Bob and Rebecca Harrison, Kate Lamont, Jeff Finger, Jessica Ford, Karl Enguerra and Nancy Hobbs.

Our faithful worship band of Stuart Langsam on drums and Noah Sanchez de Tagle on bass have been with us most weeks. We are thankful that Rob Clark has brought his guitar skills to the team. We had guests Dave Riegert (Bass), Carson Ruffing (drums), Jeff Redlawsk (drums) Dave Minor (Bass) and Henry Reed (Drums).

Our tech team of Cole Castenada, Dave Blanchard, Greg Shaw, Yonas Tesfaye, Betty Tang, Theresa Shafer, Bonnie Ngai, Donna Perry and Lanette Bell continued running the sound and video for both the in-person and Livestream worship. We continue to learn and update sound and video equipment as needed.

A big thank you also to Art Pasquinelli and Sandy Franger who have been in the narthex to greet those who come each week.

For our Easter and Christmas Eve services, Hardy was able to bring in a string quartet, guitar players and guest singers. These additions make the services extra special.

We continue to pray for God's guidance as we proceed into 2024. We will continue with Live streaming each week as we all recognize that it provides a service and connection for those who are not able to get to church in-person.

Respectfully submitted, Nancy Hobbs

Media Ministry

Worship Technology

Camera/Media Tech Booth Upgrades

The ATEM video/audio switcher purchased in 2021 has lived up to its promise as a key media production and delivery system. 2023 was mostly a year of procedural refinement and volunteer training.

We have settled on a design for upgrading the Media Distribution System (TV screens, projectors, streaming), and are exploring new requested functions against the capabilities of the new system design. This process has delayed the intended purchase of devices in 2023 to early '24. Once we have tested the ProPresenter (media presentation software) feature that sends to a separate output a display of lyrics and chords (requested by Hardy), we will start the purchase process.

We must confirm first that purchase of larger stage facing monitors will allow the lyrics/chord display to be legible to Hardy at the piano. This will allow Hardy to play the grand piano while looking towards the congregation, for improved engagement.

This list is a reminder of the ATEM Switcher features that are central to our media production:

- 1. Eight available inputs for needed cameras and media.
- 2. Professional style switching features like improved lyric subtitles, graphics and title improvements, and full visual monitoring of all sources.
- 3. Built-in streaming hardware that eliminated a chain of several devices feeding a laptop with streaming software (requiring an additional tech person, and adding many points of failure in achieving a reliable stream).
- 4. Built-in audio mixing and "webcam" video/audio output that allows the entire Sanctuary audio/video/camera system to act as a Videoconference Webcam/Microphone for Congregational Meetings via Zoom.

Three matched remote-controlled-movement cameras are permanently custom wall mounted in the Sanctuary. The Switcher Tech can now control framing and zoom of all cameras remotely from the booth.

We have successfully run several combined live/Zoom meetings using the ATEM system and an additional laptop computer. Minimal connections are required, and the ATEM system requires no changes in its cable patching.

Currently the network hardware chain in the Media/Video/Audio booth area is complex, involving multiple chained routers to provide sufficient number of ports for all connected devices. We regularly lose connections to devices, requiring rebooting of the affected router, and suspect that the multiple routers are responsible. We are approaching DeShon regarding consolidating the three routers into a single larger, 16 port device.

The new Media Distribution System design will include replacement of the video transmitter/receiver devices that send HDMI video from the booth to the displays throughout

the Sanctuary. We are seeing aging-related failures in the system equipment. We are parlaying this necessary replacement expense into an opportunity to rebuild/redesign the entire video distribution system to provide much expanded capability. This major cleanup of the video switching/camera control station will result in improved reliability, operational streamlining/simplification, and expanded capability and quality. The new system is described in the "Next Steps" section below.

Audio Booth

No major design or equipment changes were made to the Sanctuary Audio system in 2023. A considerable number of X32 Audio Board configuration and settings adjustments have been made over time to optimize sound quality and levels. Unique settings are applied independently to the Sanctuary and the Streaming system. These two destinations have different environments that require custom mixes to produce optimum sound for each. Related to this are revised procedures to monitor and adjust each output.

Hardy has adopted in-ear monitoring, in order to eliminate the stage monitor speaker at the Keyboard stage location. The Monitor Speaker volume is necessary to give Hardy the information he needs to impact the sound in the pews. With in-ears, only he hears his custom mix.

For the Congregation, the benefit (and a big one) of giving Hardy in-ear monitoring is a cleaner, brighter sound in the pews, which maintains its impact at lower volumes. This should please members of our community who found the overall Sanctuary volumes too loud.

Other than the changes/issues, and future improvements mentioned above, the current audio equipment and system is adequate to serve WVPC current and future (as best as we can predict) needs.

Next Steps

Distribution HDMI over Cat6

The next phase (already in progress) is to rebuild the Sanctuary Media Display distribution system. Getting video to all the Sanctuary TV's and projectors is unnecessarily complex and is using obsolete devices. Reliability and operation are challenges.

The distribution system design intends to use a 8x8 Matrix Switcher as the core device in the distribution system, in combination with a little brother of the Video Booth ATEM Switcher. The 8x8 Matrix allows any of 8 sources to be sent to any of 8 destinations. This flexibility allows instant reconfiguration of any display as present or future situations change.

This also significantly reduces the number of devices in the system, as well as points of control that must be monitored by our Media Tech. It adds new capabilities, plus the bonus of a backup ATEM Switcher that could be put in service quickly if the main

streaming video switcher ever goes down. In that event, we can still carry on with the streamed service (not quite as fancy, but still a service).

Missions

"There is a time for everything, and a season for every activity under the heavens"
---Ecclesiastes 3:1

As the Mission Department reviews our activities over 2023 we see that our Missions seasons are changing: Some of our ministry opportunities are flourishing, some are winding down, and some are just beginning. We may be saddened as we halt participation in some initiatives because of resource constraints, but we see those older projects being replaced with new opportunities to serve Jesus in our community and around the world.

Our commitment to Rancho Santa Marta is still strong and on-going, although the way we serve the Ranch has changed. We send quarterly financial gifts, and although we are unable to send a work party to Mexico, we now are able to support former members such as Greg and Mindy Prow with prayer, logistical, and financial help as they lead a group from their church in our place and are able to connect them with other former members who have moved from the area.

In July we were delighted to have Steve and Alison C. visit and tell us about their work in North Africa with The Pioneers. Steve is one of our "home-grown" missionaries. Adam Day with World Venture is another, and our support for the Clarks and the Day family in the Netherlands is unchanged.

This fall, Bonnie Ngai single-handedly organized a renewed Christmas Child effort, and her car was overflowing with shoeboxes you packed when she was finally finished.

With the pandemic finally expiring (a good change!), our partnership with West Valley Community Services has been renewed, as we serve our local community. Apart from our financial support, we were able to once again host "Gift of Hope" on our campus in December 2023, to help families who would not otherwise have gifts for their families at Christmas.

In 2023 we saw the cessation of The Refuge ministry when Sandy and Mike Madeleine, who had shopped, prepped, and cooked many delicious meals over the years, decided to retire at the end of December. To ease the transition, Janet and Greg Shaw graciously offered to prepare food for a couple of months and are actively recruiting people who might fill-in as servers and delivery teams. (Please see Janet Shaw if you are able to help.)

To our sorrow, war and natural disasters are still with us, but so is our heart to help. We were able to send gifts to Ukrainian refugees and a significant gift to the Maui Food Bank in aid for those affected by the Lahaina fire.

The most exciting change for 2023, however, is seeing our New Church Plant mission begin to take shape. Church Planters Caitlin and Joel Rhodes-Karahadian have moved to Cupertino and have begun casting a vision of how the corner of Bollinger and Miller might continue to make Christ known to Cupertino. We are eager to see new projects begin on our campus and around the community to that end.

Mission funds were distributed to the following organizations and projects in 2023:

- Adults Toward Independent Living (ATIL)
- · CityTeam Ministries
- Pioneers
- Real Options
- Rancho Santa Marta
- Teen Challenge
- West Valley Community Services
- World Venture

Approved 2024 Budget

2023 actual 2023 budget 2024 budget

Total Income \$534,799 \$537,776 \$528,000

Total Expenses \$520,642 \$539,681 \$554,000

Budget estimates for income are lower and expenditures are higher in 2024 as compared to 2023. This results in a slight deficit for 2024 (\sim \$2k/mo)

Assumptions going into the 2024 budget:

Income

- o Maintain estimate for unrestricted giving the same in 2024 as 2023
- o Modest increases in rent for properties than was assumed in the 2023 budget
- o Mandarin Academy reduction in rent as compared to the 2023 budget due to use of fewer rooms in the '23-'24 school year

Expenses

Personnel – Increases in staff salaries (3.2% COLA)

Reduction in Office Manager health insurance Continue with part time Transitional Pastor

Office – Reduction in contracted IT support

Music, Worship & Drama – Fund pulpit supply one to two Sundays each month

Buildings & Grounds – Increase in utilities and consumable supplies

Other assumptions

Any campus improvements to be funded by means other than the General Fund (i.e., use of dedicated accounts funds)

Annual programs to be self-funding (i.e.: RSM trip, Women's retreat, VBS, Summer camps)

Misc departments – 2024 budgets generally set near 2023 budget but above 2022 actuals

Figures 1 and 2 break down the major contributors to the budget and illustrate where the dominant changes in income and expenses are expected in 2024. The approved 2024 budget by Commission is presented in the table following the figures.

Figure 1 – WVPC Income Budget

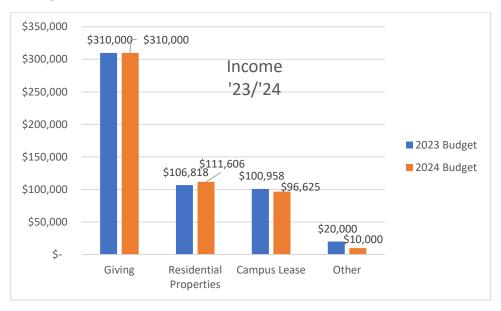

Figure 2 – WVPC Expense Budget
